

Power to the people

John Lennon

Power to the people
Power to the people
5x
Power to the people, right on

Say you want a revolution
we better get on right away
well let's get on your feet
and on the street

Singing power to the people
Power to the people
Power to the people
Power to the people right on

A million workers working for nothing
you better give them what they really own
we got to put you down
when we come into town

Singing power to the people
Power to the people
Power to the people
Power to the people right on

I'm gonna ask you comrades and brothers
how do you treat your own woman back home
she's got to free herself
so she can give us help

Singing power to the people
Power to the people
Power to the people
Power to the people right on

Power to the people
Power to the people
Power to the people
Power to the people right on
